This is usually found on a sticker on the back or bottom of the unit. This model number is your key to finding the correct manual.

Online Resources: Your First Stop

Marantz Manuals

Marantz's official website is your primary resource. Navigate to their support section, often labeled "Support," "Downloads," or something similar. There, you'll usually find a search bar where you can enter your model number. Many modern Marantz manuals, including those for their amplifiers, receivers, and other audio components, are available as PDFs for immediate download.
